A credit card is a revolving line of credit allowing the cardholder to make charges at any time, up to a specific limit. Each time the cardholder swipes their card, the credit card issuer is lending them the money so they can make the purchase. Unlike a loan, though, the credit card account has no fixed term.

Equifax's business credit scores also range from 0 to 100 and use your history of payments as supplied by vendors to calculate your score, which is known as your "Payment Index." Equifax also provides a Credit Risk Score and a Failure Risk Score. Your Credit Risk Score measures how likely you are to miss payments.
