website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Fred Harvey Houses Of The

The Fred Harvey Company was the owner of the Harvey House chain of restaurants, hotels, and other hospitality industry businesses alongside railroads in the western United States. It was founded in 1876 by Fred Harvey to cater to the growing number of train passengers. When Harvey died in 1901, his family inherited 45 restaurants and 20 dining cars in 12 states. By 1968, when it was sold to Amfac, Inc., the Fred Harvey Company was the sixth largest food retailer in the United States. It left
