## **Cycling Refrigerated Air Dryers - Kaeser Compressors**

Kaeser compressed air dryers ensure perfect drying of compressed air for the intended application and all flow rates. Since they're designed to be high-quality industrial machines, you'll be providing reliable protection against condensate damage for your systems and processes, even under the harshest conditions.. And to ensure the balance of costs remains advantageous for you over the long ...

## **Dryers - KAESER KOMPRESSOREN**

Compressed air contains water vapor and as it travels through compressed air piping, it cools and the vapor condenses into liquid condensate. This condensate increases maintenance requirements and affects product quality. Kaeser offers a wide range of efficient compressed air dryers for your compressed air system.

## **Compressed air dryers for improved air and product quality.**

Kaeser Compressors provides products, services and complete systems for supplying production and work processes with quality compressed air. The system solutions comprise compressed air generation and treatment and are designed for optimal overall efficiency. Kaeser Kompressoren was founded in 1919 and Kaeser USA's headquarters opened in 1982.

## **Kaeser compressors, blowers, dryers, and compressed air ...**

KAESER understands our customers' needs very well, as the company itself operates numerous compressed air stations. From first-hand experience, we are well-versed in all aspects of compressed air station planning, com-missioning, operation and maintenance. We draw on this expertise to create user-friendly products with minimal need for maintenance.

## **Kaeser Mod. TC-31 Refrigerated Air Dryer - S/N 1127**

This allows SECOTEC refrigerated dryers to save almost 60 % of energy costs compared to refrigerated dryers with hot gas bypass control running at an average of 40% of capacity. In contrast to conventional systems, the thermal mass in SECOTEC dryers always remains cool. This means compressed air can be dried effectively even during start-up phases.

## **SECOTEC refrigerant dryer (285 cfm) for compressed air**

i.HOC® - Ultra efficient compressed air drying. The patented i.HOC® rotary drum dryer from Kaeser uses up to 100 % of the compressor's heat. Thanks to full-flow regeneration, it delivers reliable pressure dew points up to an ambient temperature of 115 °F - without electrical heating or additional cooling of the regeneration air.

## **Oil-free air compressors with integrated dryers by Kaeser ...**

Is your compressor an air center with built in dryer? I looked at the air tower with built in dryer and the compressor and dryer had separate power sources. The Ingersoll Rand compressor I had had a lot of small issues and I looked into a maintenance agreement. It would have cost more for five years of coverage than a new compressor would cost.
