### Troubleshooting 3412 Cat Injector Problems

3412 HEUI Slow to start. Cat 3412 is becoming slow to start, this is because the oil pressure is taking a long time to build up. Also we have just had a bore-scope done due to elevated oil consumption, after the injectors were replaced we could not start the engine and had to disconnect the suction pipe from the HEUI pump and manually fill with oil 3 times before it would start.

### 3412 HEUI Slow to start - force.com

3412 nozzle tip holes will slowly get larger or erode and allow more fuel in the cylinders. When this happens there will be black smoke and no loss of power. The good news is its an easy fix to replace the injectors. It's a lot cheaper than a pump repair as well. Please let me know if you need more help or have more questions. I am happy to assist.

### I have a 3412 cat marine engine with over fueling problems ...

The engine can have some problems during starting due to a very dirty oil filter or head assembly with a glitch. Damage Fuel Injector: One of the main reasons for the disruption of the fuel injector is the needle. Old needle and carbon deposits in the needle are responsible for that. During this problem, it is very difficult to start the engine.

### Systems Operation Testing and Adjusting

As a general rule of thumb, a 7.3L injector will last 200,000 miles without skipping a beat, although we've seen them go 250,000 to 350,000 before an overhaul was typically necessary. Even though the 6.0L is notorious for injector problems, a properly maintained set can last at least 150,000 miles. 7.
